EXPERIENCE

theCoderSchool — *Employee*

SEPTEMBER 2021- PRESENT

As a Coach, I taught beginner and intermediate students languages like Python and JavaScript. I promoted a constructive work environment and devised educational projects for students.

Muddy Paws Rescue — *Website Developer*

OCTOBER 2021- PRESENT

In addition to the general upkeep of the website, I used languages like HTML, CSS, and JavaScript to improve and bring new features to the website.

Humanity in Tech — *Member*

JANUARY 2022 - PRESENT

Designed and developed the website using ReactJS and AWS.

theCoderSchool — *Intern*

AUGUST 2021

Helped coaches devise lesson plans, worked with students to better understand the material, and wrote notes about lessons and student performance.

theCoderSchool — *Intern*

JUNE 2020 - AUGUST 2020

Helped coaches devise lesson plans, worked with students to better understand the material, and wrote notes about lessons and student performance.

EDUCATION

Jericho High School — *Regents Diploma with Advanced Designation*

AUGUST 2019 - JUNE 2023
